By using the column name.

By using the row index.

By using the column default value.

By using the column index.

Submit

1h 29m 32s Show/Hide Timer

The screenshot shows a browser window with the URL <https://docs.uipath.com/activities/docs/anchor-base>. The page title is "UiPath Certification Platform". The main content area displays a question from an online quiz:

**Question 2 of 45**

**How does the Anchor Base activity work?**

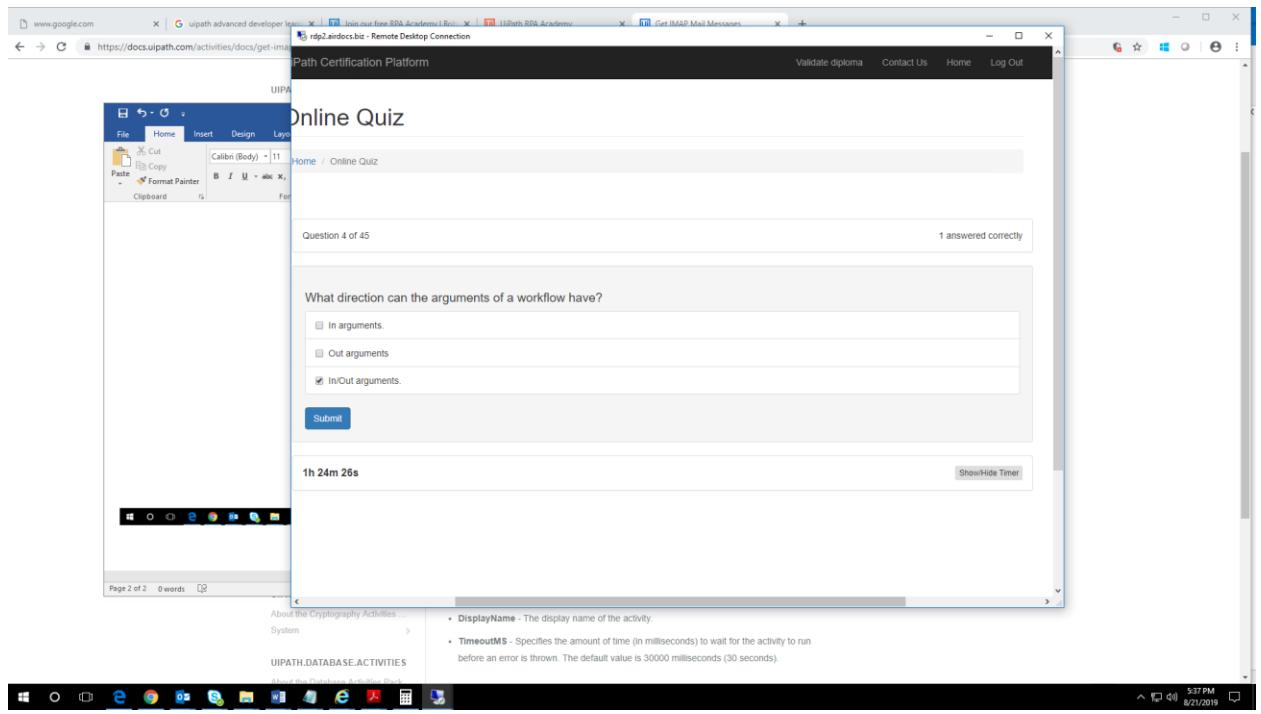

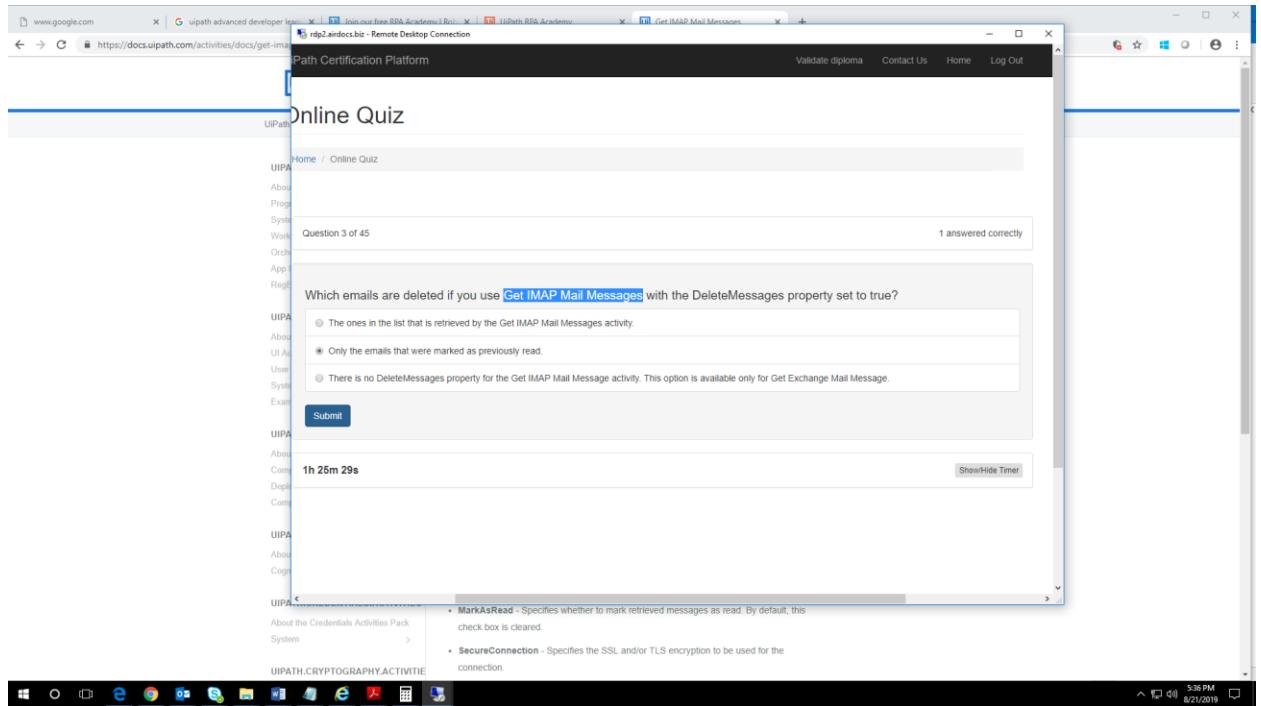

It searches for an UIElement at a fixed anchor position.  
 It searches for an UIElement using a relative coordinate position.  
 It searches for an UIElement by using another UIElement as anchor.

**Submit**

**1h 27m 1s**

A vertical sidebar on the left lists various UIPath activities, with "Anchor Base" highlighted. At the bottom of the sidebar, there is a note about the "Find Children" activity.

**Note:**  
If this activity is included in Try Catch and the value of the ContinueOnError property is

About the Cryptography Activities System UIPATH.DATABASE.ACTIVITIES

Display Name - The display name of the activity.

TimeoutMS - Specifies the amount of time (in milliseconds) to wait for the activity to run before an error is thrown. The default value is 30000 milliseconds (30 seconds).

The screenshot shows a Windows desktop environment. In the foreground, a Microsoft Word document titled "Online Quiz" is open, displaying a question about renaming activities. In the background, a browser window titled "Path Certification Platform" is showing the "Online Quiz" page. The quiz interface includes a toolbar, a question area, a list of options, a "Submit" button, a timer (1h 22m 37s), and a "Show/Hide Timer" link. A status bar at the bottom of the browser window indicates the date and time: 8/21/2019 5:38 PM.

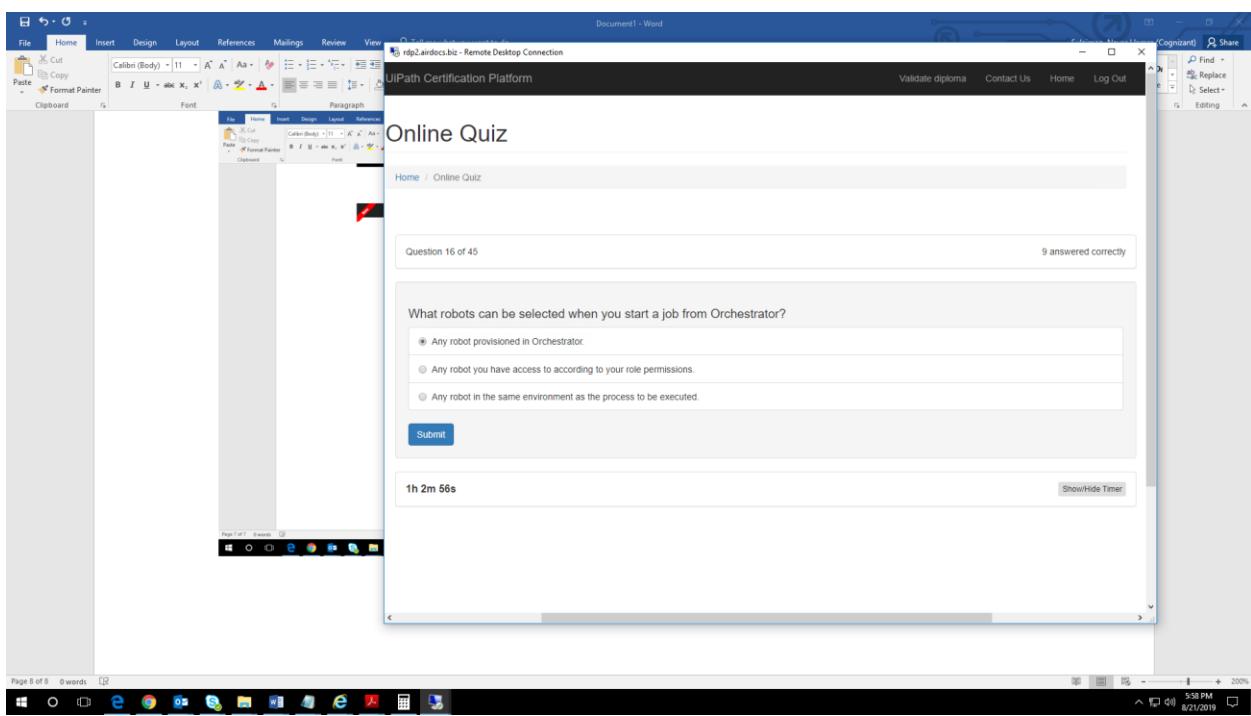

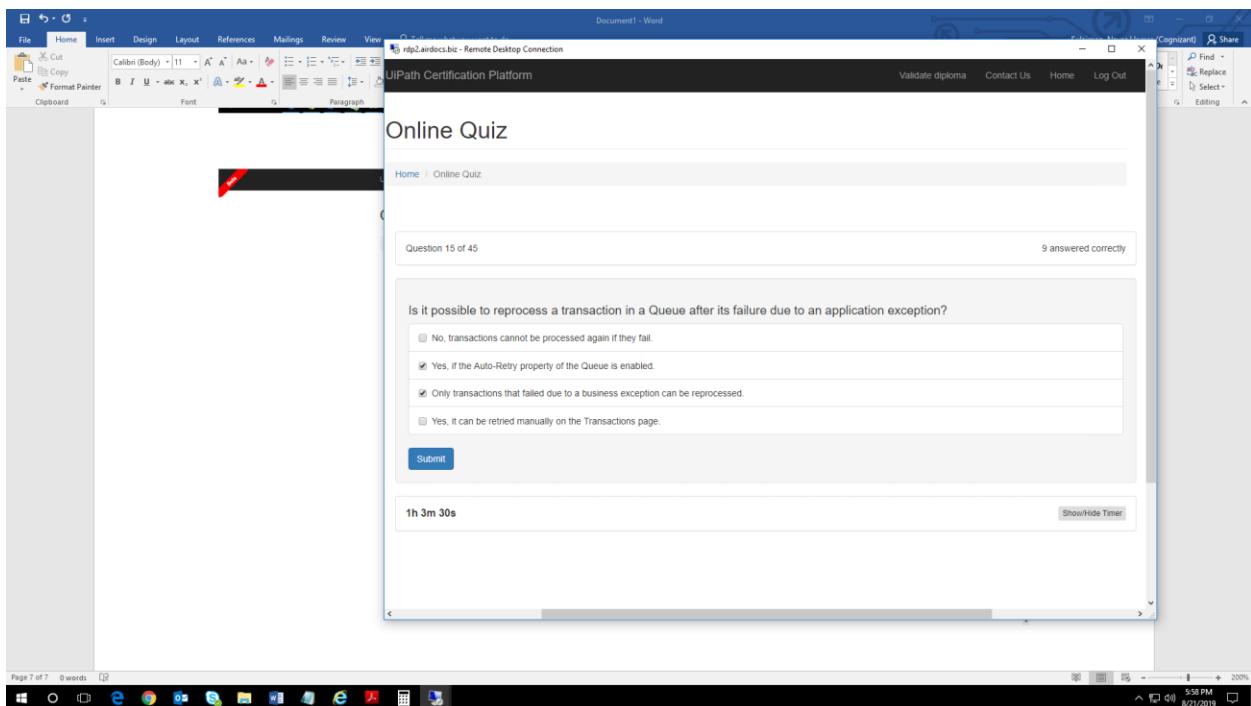

This screenshot is nearly identical to the one above, showing the same Windows desktop setup. The Microsoft Word document and the "Path Certification Platform" browser window are both visible. The browser window displays the next question in the quiz, which asks about an activity used to call another piece of automation. The quiz interface remains the same with its question, options, submit button, timer, and status bar. The system tray at the bottom of the screen shows standard icons like network, battery, and volume.

The image shows a Windows desktop environment with three windows open:

- Top Window:** A browser window titled "Path Certification Platform" with the URL "rdp2.aidecs.biz - Remote Desktop Connection". It displays an "Online Quiz" with "Question 9 of 45". The question asks: "How can you dynamically change parts of a selector?". The options are:
  - You cannot have dynamic components in a selector.
  - By using variables to replace the dynamic parts
  - By adding parameters from the Properties tab.A "Submit" button is visible at the bottom. A timer shows "1h 19m 21s".
- Middle Window:** A Microsoft Word document window titled "Path Certification Platform" with the URL "rdp2.aidecs.biz - Remote Desktop Connection". It displays an "Online Quiz" with "Question 10 of 45". The question asks: "Which statements are true regarding the Write Line and the Log Message activities?". The options are:
  - By using a Log Message activity, you can set different levels of tracing.
  - Write Line is just a Log Message set on Trace.
  - By using any of them, you generate traces in the Output panel and also in the log files.A "Submit" button is visible at the bottom. A timer shows "1h 18m 20s".
- Bottom Window:** A standard web browser window showing the URL "https://docs.uipath.com/studio/docs/about-selectors". The page content includes sections like "Configuration Steps", "How Native Citrix Automation Works", and "Known Issues and Limitations".

The screenshot shows a browser window with the URL <https://docs.uipath.com/orchestrator/docs/managing-assets-in-orchestrator>. The page is titled "UiPath Certification Platform" and "Online Quiz". The question being answered is: "Add Assets" in Orchestrator has the following option? The options are: Value Per Robot, Value Per Environment, Value Per Process, and Single Value. The "Single Value" option is checked. Below the question is a "Submit" button. To the right of the question is a timer showing "0h 53m 2s" and a "Show/Hide Timer" button. At the top of the page, there are links for "Validate diploma", "Contact Us", "Home", and "Log Out". On the left side of the page, there is a sidebar with sections for "GETTING STARTED", "INSTALLATION", "PHYSICAL DEPLOYMENT OPTIONS", "WEB.CONFIG FILE", and "UPDATING AND MIGRATION".

## 18--- Status of transaction

The screenshot shows a browser window with the URL <https://docs.uipath.com/orchestrator/docs/queue-item-statuses>. The page is titled "ASSETS" and "Item Statuses". The "Item Statuses" section is expanded, showing a list of transaction statuses: New, In Progress, Failed, Successful, Abandoned, Retried, and Deleted. The "Revision Statuses" section is also visible. On the left side, there is a sidebar with sections for "QUEUES AND TRANSACTIONS", "JOBS", "INTEGRATIONS", "SCHEDULES", and "LOGGING". The "Queues and Transactions" section is expanded, showing sub-sections like "About Queues and Transactions", "Studio Activities Used with Queues", and "Queue Item Statuses". The "Queue Item Statuses" section is highlighted with a blue background. The "Jobs" section is also expanded. The "Integrations", "Schedules", and "Logging" sections are collapsed.
